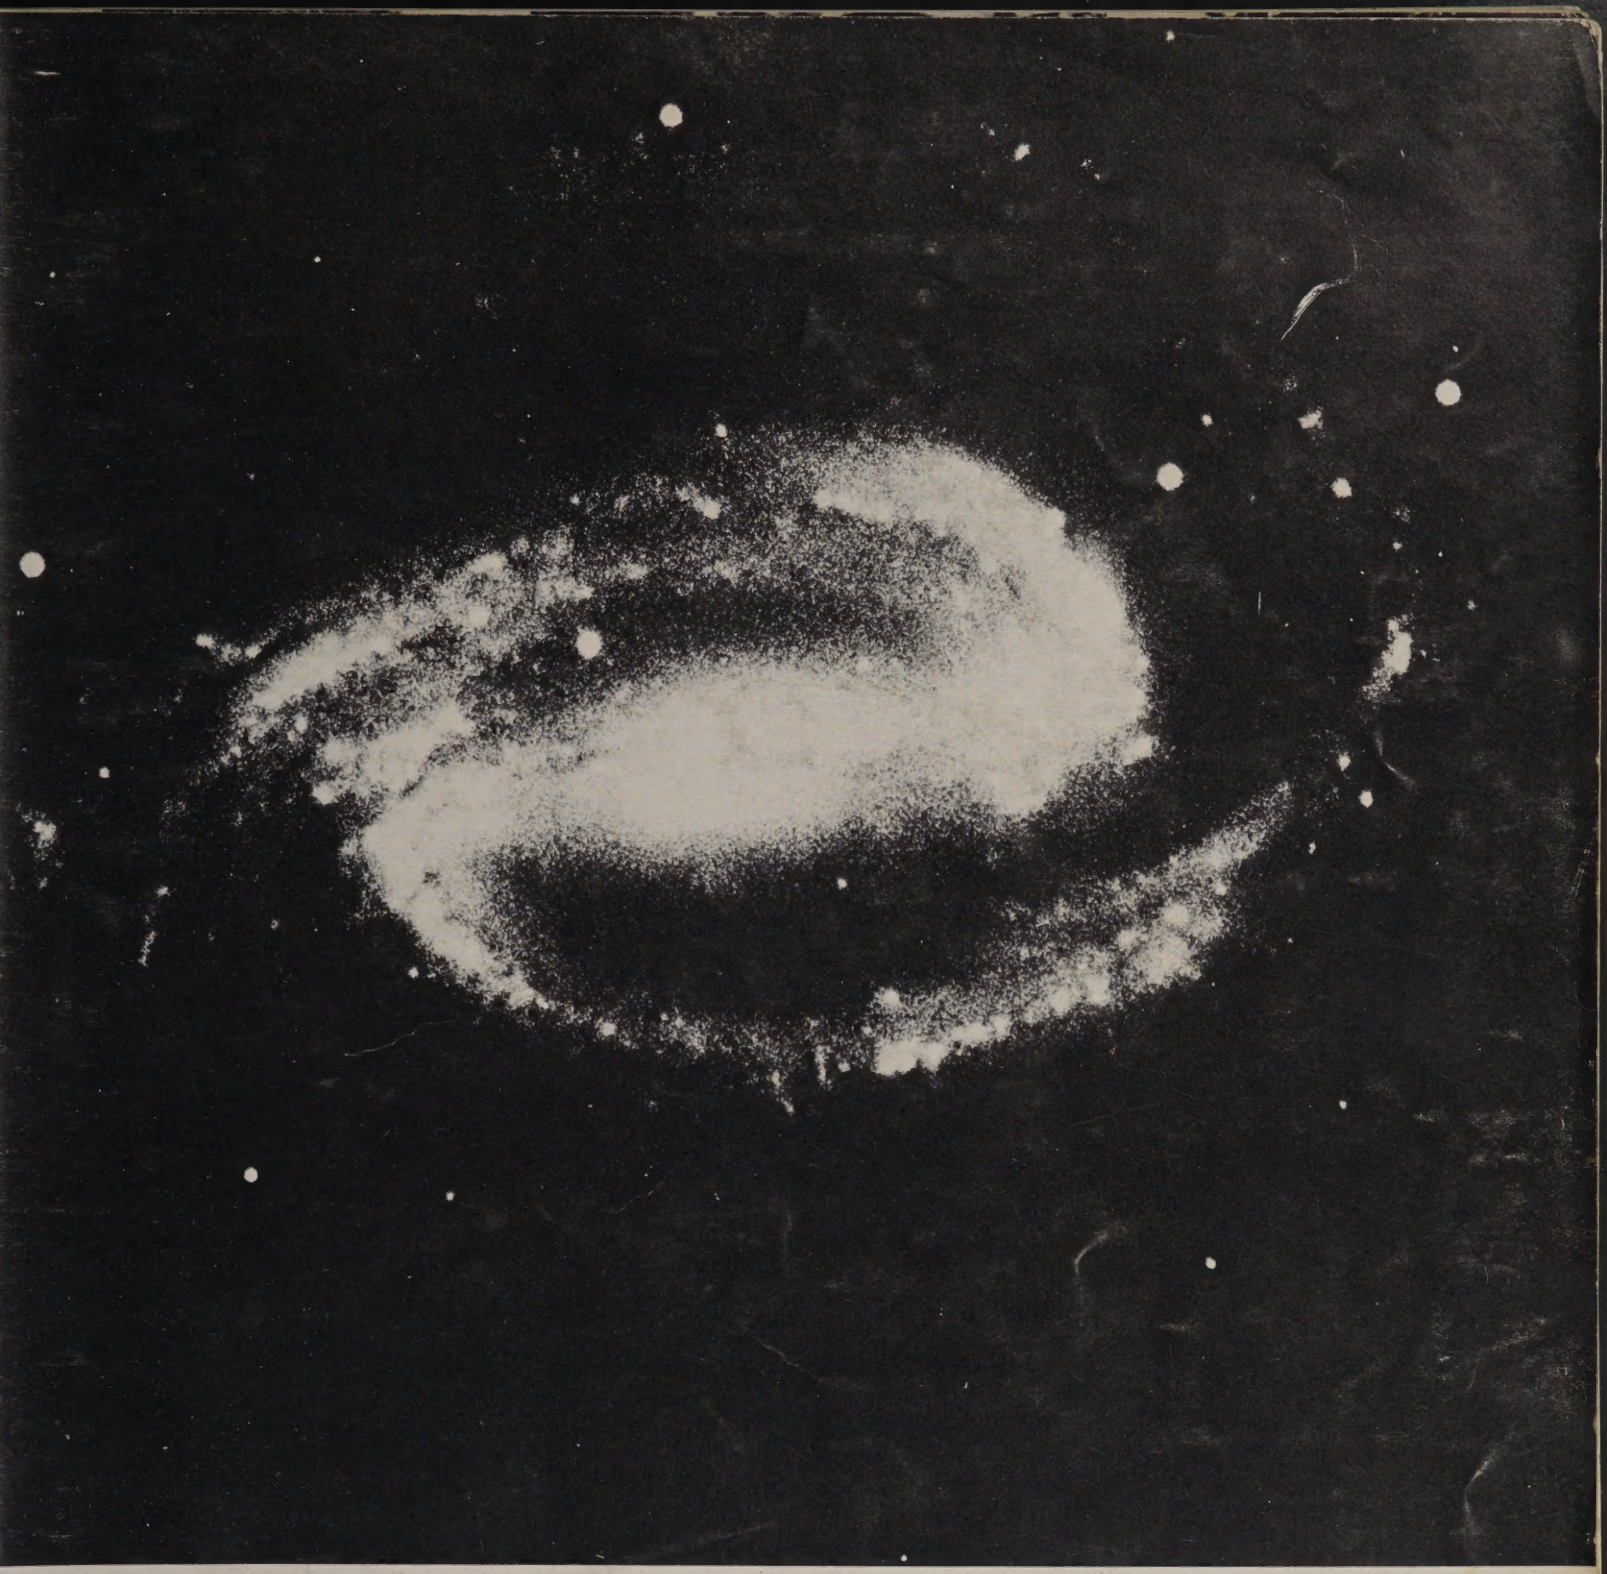
C.I.F. CHAMPS



DEDICATION by Grant Turner and Rickey Martin

In any group of people, there are individuals who stand out from the rest in their capacity to bring joy into other peoples lives. This year, the "Class of 80" had such a person — Junie Logan. You would always see him with a smile on his face; he loved to make people laugh. He was an all around nice guy. He loved people and he loved sports (J.V. Basketball, Varsity Basketball, Varsity Baseball, and J.V. Football — #1 in interceptions!).

"Yearbook 80" says "We love you Junie and hope everyone remembers you as a member of the Class of 80". (Junie was seriously injured, summer 1979 — we all pray for his full recovery.)

The Social Studies Department is seeking Pride and Excellence in the various fields of Social Studies. Students are offered geography, world history, American Government, U.S. History, current affairs, and multicultural activities to better understand themselves and the world around them.

Consumer and Family Studies is an instructional program designed to prepare individuals for the occupation of homemaking. The Consumer and Family Studies program encompasses nutrition and foods use, clothing and textiles, infant and child development and parenting. The R.O.P., Nurses Aide class is also taught in this department drawing students from the San Diego Community.

The primary objective of the lab, is to motivate the students in the area of Mathematics by providing an activity oriented multi-media approach. In the Math Lab, students are required to complete a certain number of booklets from the IMP Kit, and learning packets available in various Kits or Centers. When the student has completed the required number of assignments for the quarter, he takes a progress test to show how much he has improved that quarter and his test grade and assignment grade are incorporated by the teacher into the students total Math grade.

The Learning Handicapped Special Day Class provides individual assistance to students who need more help than is available in the regular classroom. The main emphasis in on improving basic skills, gaining pre-vocational skills, and learning to get along with other people.

CLUSTER SUBSTITUTE TEACHERS

This year, Abraham Lincoln High School is involved in an innovative new program. It provides substitute teachers who are permanently part of the staff for a complete term; thereby making available additional personnel for covering classes for teachers, filling a void created by emergencies, performing clerical functions and supervising when necessary. The program also benefits the students with the security of a familiar face in a unique situation.

Who Are They

Lincoln is blessed (as most of the students can attest!) with four of the finest teachers in the district and they are: George Robert Dean, III; Albert Dillard, II; Mrs. Kyla Law; and Mrs. Myrtle M. Thomas.

CAREER CENTER

The main objective of the Lincoln Career Center, is to increase the students knowledge and awareness of the many Career Opportunities. The use of the Career Center's Computer terminal in the selection of a college or technical school is available with the touch of the key board. To further increase an awareness concerning the students Career choice, the the Center offers an exceptional audio/visual presentation through the use of the Gould Center. To give the students of Lincoln additional career knowledge, "On the Job Experience" is offered. Career placement in various fields of work, (i.e.: Sales, Maintenance, Food Service and Engineering Service) are but a few of the many opportunities offered. Assistance is given to the students in R.O.P. (Regional Occupational Program) which is a countywide public education service which provides job training, counseling, and placement in San Diego County. R.O.P. offers 160 courses at no charge to all San Diegans interested in developing or improving job skills. R.O.P. classrooms are located in schools and industries all over San Diego County.

PRIDE AND EXCELLENCE IN ACTION

The L.H.S. Woodworking class, under the direction of Mr. King, constructed and erected an outdoor bulletin board in our patio. This will be used for positive messages about what is happening at the Hive. The digging chores were handled by our 62 year old "Super Custodian" Santiago Gallardo. This is another example of what the "Green-N-White Machine" can do!

R.I.F.

Reading is the Key to success. It is most fundamental in everything that we do. The importance of reading in our every day living and its role in our lives is the thrust for Reading Is Fundamental (R.I.F.). Emphasis is placed upon reading and the total involvement of each student enrolled at Lincoln High in a reading program. The many facets of reading offered the students, include R.I.F. — a motivational reading program; U.S.S.R. (Uninterrupted Sustained Silent Reading) — a program every person at Lincoln participates in daily for fifteen minutes and the Reading Laboratories — which are designed to assist students individually with their reading.

R.I.F.

Reading Is Fundamental to everything! This is the main thrust of a new program now functioning all over the HIVE. One part occurs every day from 9:45 to 10 a.m. The whole HIVE settles down for U.S.S.R. period. That's Uninterrupted Silent Sustained Reading, and it is made more exciting by allowing students to choose books they want to have for their own, at no cost. These books come from the U.S. Office of Education through the Right to Read Program. The aim of this distribution of books is to motivate students to want to read; the pathway to excellence and pride in one's own accomplishments.

DR. COOK

OUR HARD-WORKING DIRECTOR MS. RITCHEY SHE'S A CHAMP!

PRINCIPAL'S MESSAGE

My sincerest congratulations and best wishes to the Class of 1979 — 80. Your leadership has provided us with a very successful year and a challenge to the classes of the future. To the entire student body of Lincoln High School — a warm thank you for your devotion, loyalty and dedication! Pride in Excellence is the force which has helped the total student body of our school meet the challenges of the individual educational needs of every Lincoln High School student. Our contribution in meeting this challenge has been to provide the inspiration, motivation and expertise for students to work and achieve to their fullest educational potentialities. I hope the Pride in Excellence which you have learned here, will continue to motivate your entire lives.

Payton C. Cook, Ed.D., Principal

ADMINISTRATIVE ASSISTANT

For the students at Lincoln — a better tomorrow — is my wish. We must all strive for excellence now, to meet that goal. Take Pride in that Excellence — pride in our school, our campus, our neighborhood, but most of all, Pride in ourselves.

Congratulations Seniors! The path you may choose to follow will be filled with many challenges that will provide you with opportunities to use your skills and expertise that you have gained during your educational experiences here at the Hive. You have demonstrated, by becoming C.I.F. Champions, that you can PULL TOGETGETHER. Continue to use this skill and demonstrate that you will strive toward a BETTER TOMORROW. M.M.Thornton

Congratulations on your many achievements during your stay at Lincoln High School. By your example and through your personal efforts you have provided the coordinated leadership and motivation by which we at Lincoln have achieved a level of excellence. We are grateful to have had the opportunity to work with you, and we are proud of the way that you have conducted yourselves in the pursuit of your excellence achievements. We are certain that you will continue to pursue a path of excellence, no matter what your goal in life. And we wish you continued success as you strive to provide a better life in which all of us might live. John Capistran

It is sometimes said that students can't achieve at a school like Lincoln. Some feel that they won't be prepared for the outside world. However, the person that discards this pre-conceived idea, will see a school that is a total community; a student oriented institution, having a primary goal of education; through classroom instruction, civic activities, athletic and social involvement. It has been proven that both the student and the staff believe in what they are doing. Lincoln High School is the equal (if not better) of other secondary schools. We strive for Pride and Excellence and WE ACHIEVE-! John German

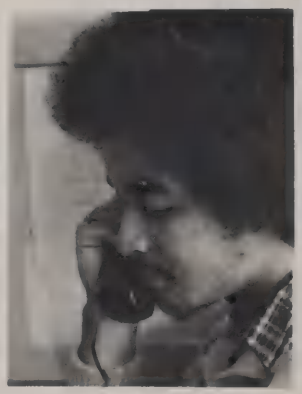
More so this year than in others, I am proud to say, students are showing more interest and pride in their scholastic standing. They are coming by to check on how they stand, as far as graduation requirements. Errors on Honor Roll lists have been brought to our attention. This surely indicates Pride in achievement. The Credits Office is manned by one clerk and two student monitors, Patricia Lawrence and Leland Maddox. We are here to serve the students of Lincoln High School. We will continue to strive to improve in that respect.



ROOM 104

Our attitude throughout the year has been one of pride and cooperating as we provide telephone, typing and duplicating services in support of Lincoln's educational program. We hope that these services have contributed to the level of excellence achieved by Lincoln High School during this school year.

In my work and contact with others I try to make a dream come true; a pattern for others to follow, a step to the future and that good feeling from a sense of accomplishment. There is nothing more wonderful than the achievement of a goal and a readiness to take on the next important phase of life.

MEDIA CENTER

The Media Center at Lincoln is more of a dream and a hope than a reality. We are little more than AV materials and a checkout system. By the end of the 79-80 academic year, we hope to be far more than this. We will have a working center where teachers and students will learn how to produce media materials which can be used here at Lincoln for years to come. The closed-circuit television system will be used to teach students how to produce television programming of value. Once fully developed, this CCTV system and Media Center could become the focal point of student pride, involvement, information exchange and motivation.

THE PARENTING AND INFANT DEVELOPMENT CENTER

Mrs. Elonor Jenson — Secondary teacher, Mrs. Rosa L. Stiles — Children Center teacher, Mrs. Juanita Pryon — Instructional Aide, Mrs. Carol Finney — Nurse Practitioner

This has been a wonderful and unique experience. We have seen a great number of teenage parents graduate from Lincoln, because of being able to use the Infant Center. It is a place where they could feel safe to leave their child while pursuing their education. The parents also attend Family Studies Classes, which are taught by Ms. Jenson. Parents and non-parents are enrolled. The Practicum Courses are taught by Ms. Rosa Stiles. The Program has been an asset to Lincoln High School and the community, it has helped many students who could not have completed their education without it. This year our enrollment has increased from about fourteen, last year, to twenty-one children this year. It concerns us very much to hear that the nursery will have to move, due to the street improvement. This program is an excellent program which we feel is really needed to help our students in this community in completing their education.

Some comments from students in our program:

"... work for Open Road Urban Corp. and Sherrell attends the Neighborhood House ... I am planning to become a Data Transcriber ... Keep on doing what you're doing. You're beautiful!" Rosalind Roots

"As a student and teenage parent, the Program has helped me save money ... given me an opportunity to finish school, ... and reach a higher goal ... I'm glad I have the opportunity to finish school. Gaye Williams

PROJECT LINCOLN

Mel Weisenberg

What is Project Lincoln? It is many things: new facilities, new staff members, new ceilings and paint for the halls, new equipment for teachers and classrooms, and most of all, a new pride in our school, and a committment to academic excellence. Project Lincoln aims to improve the quality of education and life for all Hornets: parents, students, teachers, administrators and classified staff.

Such improvements as the paving of the vacant lot on the East side of 49th Street for increased parking, and the closing of 49th Street and the creation of a new mall in the front of the school, are all part of a brighter future for Lincoln, made possible by Project Lincoln. Planning began last summer, and continues during the school year. Project Lincoln is here for you.

Lincoln High School is now the site of the newest City School's career center, "The Center for Medicine and Health". Lincoln students should be proud of this fine center, as it offers very special courses taught by highly trained teachers. Classes in Nursing, Medical Lab Aide, Exercise Technician, Medical Clerk, Dental Education, Veterinary Education, and Paramedic Science are offered right here at Lincoln. Students from high schools all over the city, ride buses to attend our program, which is also open to Lincoln students. The future looks great for this new approach to education, and Lincoln students will be right there making it happen!

C. WILLIAMS

As Head Counselor, I am responsible for the Gudance and Counseling Program here at Lincoln High School. Our department is composed of seven counselors including myself. I represent our department at various district-wide meetings and conduct weekly on-site guidance meetings.

MARY FRANCES ROWE

I am proud to be a part of the Lincoln High School family. I enjoy my work here, because the students are my main concern, and I commit myself to guiding and directing them in their efforts and attitudes toward education.

HAROLD MOORE

I'm a blessed person. Not many individuals, work at the school they graduated from. Lincoln has a special meaning to me . . . "The best school in San Diego". Whatever positive things I can do, to improve Lincoln, I will not hesitate to do. I'm a Hornet forever.

CONRAD KELLENBERGER

I have been a counselor at the Hive for the past 8 years. Because of this, I have had the opportunity to be a counselor to the brothers and sisters of many graduates of Lincoln High School. I have found this very gratifying. I enjoy camping, hiking, traveling and reading.

MARY McDONALD

This is my second year at Lincoln. I like the spirit at this school and I enjoy my association with many fine Lincoln students. I believe that this is the best school that I've had the pleasure of being a part of.

RUDY H. ANDERSON (Pisces)

During my 3rd year at Lincoln, I have been involved in and supervised many of the schools activities. I sponsor the Partnership Program through A.C.S.D. and function as a liaison person to the Social Studies Department.

PATRICIA A. HYDE

I have been at Lincoln for 8 years as a Math teacher and now a Counselor. I am liaison to the Science and Math departments, and Counselor representative for Project Follow-Through with U.C.S.D.

EUGENE DAVIS (Aquarius)

This is my 5th year at Lincoln, supervising and being totally involved with all school activities. I sponsor Gifted students and act as a liaison to the Art and Business departments.

JANICE WINSTON (Cancer)

In my 10th year at Lincoln, I am totally involved with all school activities. I coordiante Scholarship and College bound programs and am the liaison to the Social Studies and Music departments and Project Lincoln.

THE FUNCTION OF GUIDANCE AND COUNSELING

The San Diego community is most fortunate in that it is being served by a school district that recognizes the need for a good guidance and counseling program. Our program functions in three domains. 1. Education Domain — Effort is made to insure that all students have the opportunity to develop objectives that are consistent with interests, abilities and values. 2. Career Domain — With the use of the Career Planning Inventory and Career Planning Folder, students are assisted in developing career objectives. 3. Personal and Social Domain — Provide a system to insure that all students have an opportunity to experience accepting, non-judgmental relationships necessary to achieve personal and social adjustment. The combined effort of couneslors in the three domains are directed toward making the student a well rounded person.

Mr. Pates In Action

PROJECT STUDENT CONCERN . . .

Has given hundreds of students pride and excellence in attendance. Our goals are: 1. Students wanting to attend class and remain in school; 2. Students attending class more frequently; 3. Students completing more class assignments; 4. Students grades improving. With the cooperation of their teachers and parents, individual high school students are selected for the program. For the first two weeks, each student carries a daily report form, noting class attendance, degree of improvement and completion of class assignments. This form must be signed by each of the student's teachers and is submitted to the guidance aide at the end of each school day. I thank all the Teachers, Parents, and Students for their cooperation.

HEALTH SERVICES

Health Services contributes to the learning process through programs concerned with the findings, corrections and adjustments of defects which may affect the ability of the pupils to derive maximum benefits from Education. Health has been defined as a state of complete physical, mental and social well being. The school is a partner with the home in trying to attain this goal for each student. I am anxious to consult with parents on health problems.

Lavern Cumby, School Nurse

SOCIAL CONCERNS

I have been at Lincoln High School since January 1975. At Lincoln, students seem to be around less outside the building and in the halls. There seem to be more positive attitudes in the classrooms. I deal with Social Health, which is a 5-8 day unit. It stresses learning to think and make decisions and for this, students need the most factual information. During the unit, the students are encouraged to be open and to learn to accept the consequences of their actions. I am informally available to students, for my goal is to try and reach more students, make more contacts and be more easily accessible.

Speech a Tool for Communication

Communication means an interchange of thoughts and feelings. This interchange can be carried out with any form of Lauguage (gestures, emotional expression, speech or written language) but it is most effectively done by speech. Speech is a form of voiced language in which articulate sounds or words are used to convey meaning to our friends and loved ones. It is the most important and widely used form of communication. I started with elementary and am pleased to see students I worked with, appear at the high school level. My goal is to make students more aware of the importance of speech. Speech is an expression of our inner self.

The Lincoln High Hornets, had a great C.I.F. season, winning the 2A C.I.F. championship and also being the Western League Champs. Lincoln High School's football team was the 29th ranked team in the U.S., the 5th ranked team in the state and in San Diego County — NUMBER 1! The Hive's offense was unstoppable the whole entire season, averaging 30.5 points a game. We were the number one offense in the county! The Hornet defense was also superb. The Hive defense was ranked 7th in the county, giving up only 8.8 points a game. 12 and 0 is "pure" PRIDE AND EXCELLENCE!!!

J.V. FOOTBALL NO. 1

This season the Junior Varsity Football team, established a school record! We were the first Junior Varsity team ever to go undefeated the entire season, winning 9 straight games. We established a new city record, also — 317 points scored in 9 games — an average of 35 or more points a game! The defense was also hot and cooking too! Only three schools scored against us. Excellence is shutting out the opponent! We only allowed 21 points — this definitely is an outstanding group of young men! Another sign of the fact that this has been a season full of pride and excellence is that we started with a roster of 36 men and only dropped 2. This was indeed a great year for the Junior Varsity Football team.

VOLLEYBALL

VOLLEYBALL

The Volleyball team began with great hopes, but due to ineligibility problems, the season looked as if it might be hard and long. However, by the half-way point in the season the young ladies began to unite as a team and showed consistent improvement. They became competitive and although winning only 1 game, they consistently played evenly with the top teams in the league, earning the respect of both opposition players and coaches. Karen J. and LaDene J. played outstanding volleyball all season long, with Karen being named MVP of the team and also to the All-League team. All other members of the team are underclasswomen, and will be returning next year. Renee, Moli, Deedee, Cheryl, April and Verna all showed tremendous improvement in both individual skills and team play and should form a strong nucleus for next year's team.

Row 1: Rickey Martin, Lannie # 11, Thomas Mitchell Preston Rawlings, Raymond Cockerham, Doug Gibson, Marcul Hill. Row 2: Charles Marshall, Jared Stutts, Billie Johnson, Grant Turner.

At the beginning of the 1980 Basketball season, head coach Richard Smith, chose 12 young men as his team for the season. These twelve didn't know each other, on the court that is, but "Smitty" worked and coached and ran the idea of a championship team into their minds. "Smitty" didn't pressure his players, he was simply there to help in any way he could; immediately, professionally and as a friend. "The Team" The team is what counts, and it takes a lot to be able to work well with someone you don't really know. But this team worked their way to a 12-2 record and clinched the fifth straight Western League Championship for Lincoln High School. Most Outstanding Player — Billie Johnson, Most Improved Player — Charles Marshall. With Richard Smith, Assistant Coach G.R. Dean, P. Rawlings team correspondent and coordinator and Mr. John White, head of medical personnel, Lincoln looks forward to being C.I.F. Champions of 1980.

"1-2-3 DO IT"

With the experience and expert guidance shared by the Hive's Athletic Director and basketball head coach, Mr. Richard A. Smith, the squad enjoyed a tremendously successful season. This '79-'80 team was blessed with the luxury of balance. Though talent varied, the individual fundamental skills blended together to form a cohesive unit, that oft times produced a game of fast-paced ACTION. Fans fortunate to experience a J.V. cager contest, usually appeared to be watching a tennis match.

Round ball highlights include the high-scoring James Robinson and James Cannon; sharp-shooting Chris Price and Marlon Johnson, the backboard dominance of Jamie Wise and Adrain Lewis, plus the lightning quick basketball wizardry of Nigel Anderson, Curtis Lockett, and Anthony McNeal, all under the cool all-around floor leadership of Darryl "Mid-Air Prince" Wallace and Damon "Ice-Man" Allen. All the action was recorded by the statsman, Anthony Brooks. The above gentlemen are to be congratulated, not for victories, but for sacrificing time and energy, practicing, and playing under difficult, adverse conditions that basically go unnoticed and unrewarded, save for the fact that we worked, sweated, and played as one: The Lincoln High Junior Varsity Basketball Team.

The Soccer team is a very young, talented team in a building season. We're hoping for next season — to be in the top of our league or at least get in the playoffs, because most of our players are coming back. We have had close scores against some of the finest teams in our league, for instance, Mission Bay 2-1, Serra 4-2, University 2-0, etc., etc. Senior standout and most talented player goes to Duane Santos, Captain of our team, because of his ability to play any position in the field. Most improved and best effort goes to Salvador Sandoval our leading scorer. Our most inspirational player was Diego Verdugo. Nicolas Fernandez leading our defense, Frankie Aguayo and Brian Dantzler also put good performances on the field.

Karen Hightower exemplifies pride and excellence. The most improved is Verdie Jackson, a young lady who exercises a lot of patience. Jennetta Cook puts out more than 100% in practice and in play. Learning to respect other schools helps us to be better players — Connie Whitlock.
Integrity is one good word to describe our team — Denise Pargo.
Never giving up the game makes us winners — Mary Murray.
Competition is something we enjoy — Cee Cee Pierce.
Obligation to our team is something we never forget — Penny Holmes.
Learning from our mistakes helps us to be better ball players — Angii Wiggers.
Net worth equals every player on our team — Coach Kyla Law.

Helping others on the team is something we always do — Shawn Williams.
Our team tries to work as a team, not as individuals — Patricia Foster.
Recognizing our weaknesses helps us to build a stronger team — Regina Davis.
Never quitting is our team motto — Linda Rogers.
Effort is something we always use on our team — Shawn Williams.
Team work is the name of the game — Cassandra Johnson.
Sportsmanship is something we have a lot of — Verna Overstreet.

The girls J.V. Softball Team has been a very competitive and enthusiastic team. The girls showed a great deal of discipline at every game and practice. The following girls represent Pride and Excellence for Lincoln High School: Angii Wiggers, CeeCee Pierce, Regina Davis. Angii Wiggers was the starting pitcher and the Captain of the team. She was very competitive and a quick thinker on the field. Angii taught the other girls on the team how to work as a team and not as individuals. CeeCee Pierce is probably one of the best first base players in the J.V. League. She is a very consistent player and really thinks when she is playing ball. Regina Davis was the most all round player on the team. Regina played shortstop, third base, outfield and catcher. Most improved: Linda Rogers and Penny Holmes. Best Effort: Mary Murray.

VARSITY BASEBALL

We have a 14 man squad with 6 of our players being Seniors, 7 Juniors and 1 Sophomore. With the returning lettermen that we will have, we should be a fine baseball team for years to come. The ball club this year has excellent hitting and should be contenders for the league championship if nothing happens to injure any of our players. It should be an interesting year. Coach Deniston

Players: Steve Pierce # 1, Leland Maddox # 4, Anthony Smith # 5, Damon Allen # 7, Curtis Mosley # 8, Lew Barnes # 9, Anthony Long # 11, Chris Price # 12, Edgar Sharpe # 13, Tom Mitchell # 15, Kevin Jones # 16, Ricky Taylor # 17, Earl Echols # 18, Ron Davis # 20.

Prospects for 1980 Season:

Curtis Mosley — returning all league selection from last year, should be a leader this year, an excellent fielder with a major league arm, of interest to professional teams, planning on attending college.

Anthony Smith — excellent talent, could become a fine professional ball player, sought by several colleges and universities.

Edgar Sharpe — possesses a major league fast ball, self control and pitch control could make a professional out of him.

Ricky Taylor — excellent outfielder, good speed, good ball hitting and throwing arm, could be a pro prospect.

Anthony Long — very fine fielder with a strong, accurate throwing arm, needs to hit with more regularity, could be sought after by colleges and professional teams.

Tom Mitchell — one of the main stays on our pitching staff, outcome of recent injury will decide his professional future.

SWIM TEAM '80

The Lincoln Swim Team this year is a team of very young and inexperienced swimmers as far as swimming competitively. What we lack in experience we more than make up in enthusiasm. Our plans are to build a strong competitive team that Lincoln can be proud of. Coaches: Susan Wanner, Kyla Law. Swimmers: William Smith, William Cunningham, Roy Spencer, Arcelio Ramos, Eric Hayes, Michael Flynt, Rodney Grate. Some excerpts from an article in "The San Diego Union", Sunday, January 13, 1980 — "Lincoln High Links Pride and Progress" by Carl M. Cannon . . .

"Lincoln High ('s) . . . brightest time may be now; . . . the school is making progress . . . They've accomplished a lot . . . (Lincoln) is a focal point of community life . . . people perceive it as their school . . . The football team is successful and it is a source of pride for the school and the minority community it represents." (asked why they went to Lincoln instead of transferring, one student replied), "Because all my sisters and my brother went here and my mother has worked so hard (at Lincoln) . . . It's a very positive school . . . everybody seems to be looking ahead . . . There's a lot of respect around here. The students have a lot of respect toward the teachers and the teachers give it back in return" . . . we have the atmosphere and environment where learning can take place . . . (the district is placing new) programs in (Lincoln). One such program is PROJECT LINCOLN." Its accomplishments for the 1979-1980 school year: new landscaping; new photo equipment; summer workshop with parents, students, and staff members; Project Lincoln Committee for improvements at Lincoln; new auditorium curtains; more library books, school materials; more field trips; extra clerical assistance; new band instruments; establishment of Center for Medicine and Health; new teachers; new science facilities; new ceiling in 200 building; student bulletin board in Quad; attendance computer; micro computers for Math department; new P.E. lockers; maps for Social Studies; new typewriters for Secretaries.

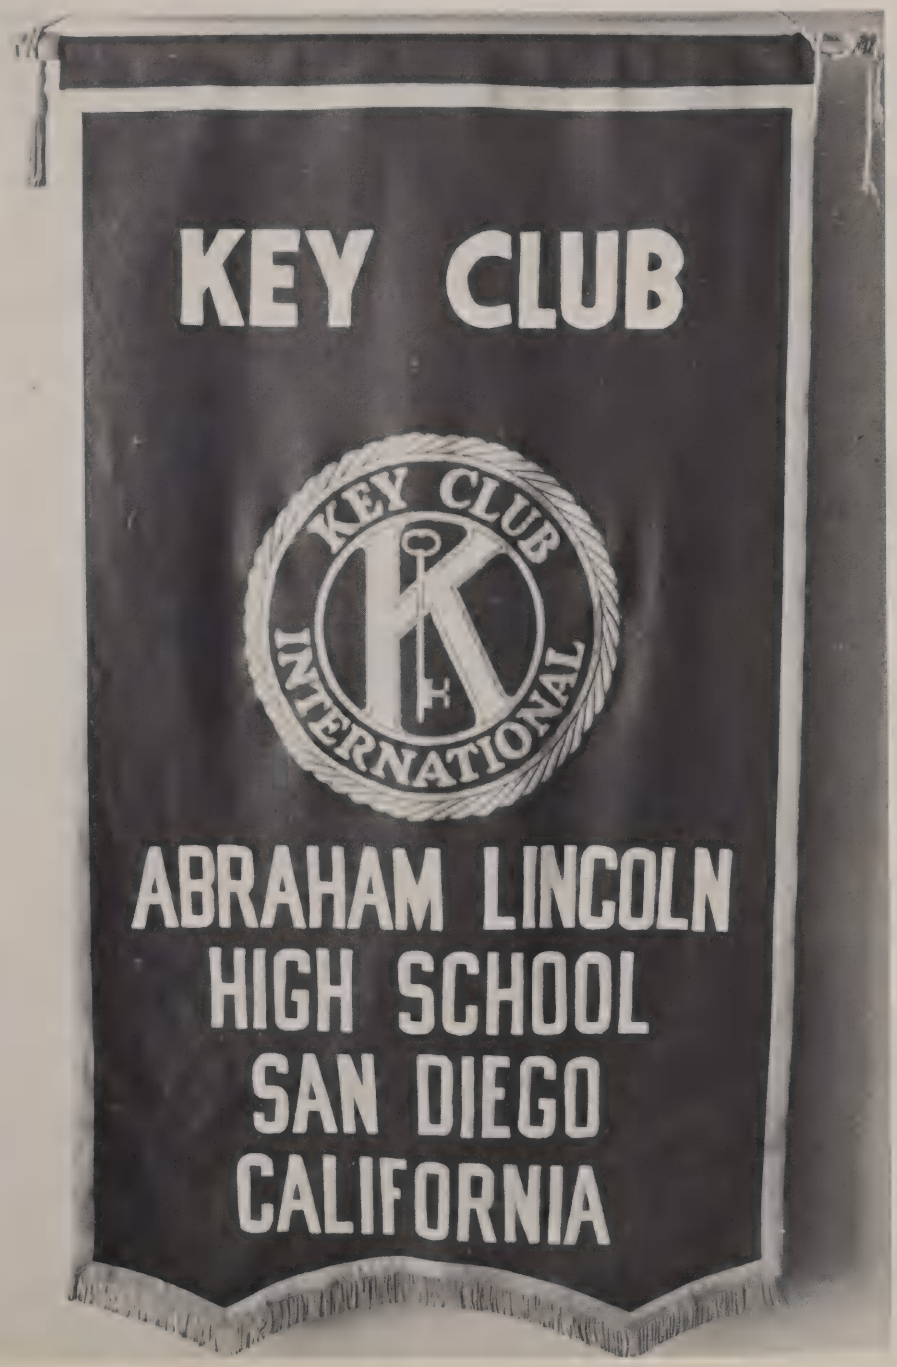
SHOW YOUR

PRIDE IN EXCELLENCE



We are so very proud that you are about to graduate
And for that very reason, we would like to congratulate
A truly special part of our family tree
Who's as kind and sweet as a daughter could be
Now we know you're an intelligent and ambitious kind of girl
To go on after the better things in the world
So we'll support you and do our very best
To help you climb to your happy success
You're going to have to say goodbye
To you wonderful school, good ol' Lincoln High
Don't ever stop trying! Because we love you!
From Your Family . . .

Okay Graduate,
You're on your way to a new beginning, a better day
Using the inspiration that our love has brought you
And the abilities that Lincoln has taught you
You're some kind of girl and this you should know
We know you will make it wherever you go
So don't ever be discouraged, never doubt
Because to keep on trying is what it's all about
We wish you all the happiness that this world can give out. Love, Your Family

WHAT THE HIVE MEANS TO ME

Although this is only my first year at Lincoln, the "Hive" is a very special place to me. I have pride in our school and I show it.

The Hive is a very warm place. By that I mean that most of the faculty and many of the students are very friendly. They judge you by your character and not your appearance, so there isn't much hatred, which is the best learning environment you can have.

There is also a lot of togetherness at Lincoln. This is mainly a reason why the Hornets won the C.I.F. Championship in football. We had a perfect record throughout the season because our football team worked together.

I also show that the "Hive" means a lot to me, by making good grades. I strive for the best and I hope you too will push hard for the best in grades. There are many who want to show their pride in the Hive with excellence, all you have to do is go for the best and don't settle for anything less.

We all can work together and show our PRIDE and EXCELLENCE and make Lincoln an ***even better*** *high school!*

SMITTY GOT IT !

The 1979 Varsity Football season can be summed up in one word, UNBEATABLE! This team will go down in history as the first Hornet football squad to finish a season with a perfect record — 12 wins, no losses and no ties. Damon Allen, Leland Maddox, Curtis Babers, Dwight Harvey, and Maurice Joyce were the lightening bolts that charged the counties leading offense. Jared Stutts, Billy Johnson, Darryl Santos and Lew Barnes led a defense that yielded but 30 points in the regular season. Coaches Flisher, Reed, Washington and Courtney did a fine job putting the green machine together. Winning the Section 2-A C.I.F. Championship for the second time in 3 years was cause for jubilation!

C.I.F. 2A FOOTBALL GAME

The Lincoln Hornets were awesome in this contest, displaying championship qualities. The fierce Hornet defense was incredible, time after time halting the San Marcos Knights vigorous rush-based attack. The Hornet offense, played devastating ball, with Damon Allen at the helm and Curtis Babers making tremendous rushing displays, the Hornets played invincible football. The Hornets took a half-time lead. Lincoln coach Vic Player, urged his bold troops to keep the pressure on. San Marcos mounted an awesome comeback surge but found the Hornets to be stingy. After all was said and done, Lincoln High School was the C.I.F. 2A Football Team Champion. The Lincoln crowd showed extraordinary affection for their jubilant ball club. The Hornets had achieved their first unbeaten season in the history of the school. It was truly a magnificent sight to see. by DUANE SANTOS

Dedicated to the Class of '80 and to Elaine Morgan, the light of my life.
Someone really cares for you
When your problems are many and answers so few,
I know someone who really cares for you.
With me down here and God up above,
We both try to show you so much love.

So when you need someone to talk to
You can call on me and I'll listen to you.
Don't let your problems and worries bring you down,
Face your problems and worries with a smile and not a frown
Because someone really cares for you.
I will help see you through;
I really do care for you.
